“What is the Historic Traveling Camporee”

The Historic Traveling Camporee is a three-day weekend adventure by chartered bus. It is an event designed to expose our Boy Scout youth and leaders to, and expand their knowledge of, our country’s heritage. It is fun, educational and one-of-a-kind ~ one of Scouting’s mountaintop experiences. Out of almost three hundred councils across the United States, *Northeastern Pennsylvania Council* is the “**ONLY**” Boy Scout Council to host Traveling Camporees on a biennial basis on this large a scale.

How many opportunities do YOU have to participate in a weekend Camporee by chartered bus?

On this year’s exciting trip, we visit the “*Historic Triangle*” of southeastern Virginia; and see what life was like for 18th century Americans at “*Colonial Williamsburg*,” explore re-creations of America’s first permanent English colony at “*Jamestown Settlement*,” and learn about America’s fight (and victory) for independence at the year-old “*American Revolution Museum* in Yorktown!”

In 1607, thirteen years before the Pilgrims landed in Plymouth, a group of 104 English settlers made a 4½ month voyage across the Atlantic to the banks of the James River in the hopes of a new and successful life. At Jamestown Settlement, you will learn how the settlers coped with the harsh realities of an unfamiliar environment, and how the Powhatan Indians of Virginia adapted to their new neighbors. That story comes to life outdoors in full-scale re-creations of the colonist’s fort and a Powhatan Indian village, as well as a riverfront pier with re-creations of the three ships that brought the settlers to Jamestown!

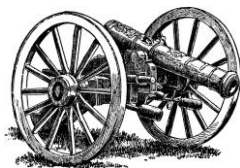

At Colonial Williamsburg, along with a tour guide from nine to noon, you will spend the day immersing yourselves in the daily life of the 1770’s in this 300-acre city of working trade shops ~ including the apothecary, printing office, blacksmith, tin smith, and much, much more. Explore over 35 historic sites and 22 trade sites including the Capitol, where the people’s representatives voted for independence, the Governor’s Palace, where the British king’s appointed ruler lived in opulence. Visit with the period actors in costumes as they walk the streets calling for the end of British rule; and train with the soldiers, also in period costume – as they prepare for the upcoming battle for independence!

At the American Revolution Museum at Yorktown, you will experience the Revolutionary world from the frontlines to the supporting roles, all within musket range of the original Yorktown battlefield. You will experience musket, mortar and cannon-firing demonstrations and marching lessons on the drill field. Enlist in the Continental Army, explore your sleeping quarters in the soldiers’ tents and learn how to cook hardtack, and much, much more – AND end the day with a “Ghost Tour!”

It’s all here – start planning your Troop or Crew’s “*Historic Triangle*” experience today. Join us for this activity-packed weekend ~ and a mountain-top experience on 2018’s exciting & educational 15th biennial Traveling Camporee to Williamsburg, Jamestown and Yorktown!
